OFFICER, BFA IN ANIMATION, MBA IN
GLOBAL STRATEGY AND LEADERSHIP

DaniMation Entertainment is a production and autism talent development company that produces original and contract Animation, Illustration, and Graphic Arts.

Founded by Dani Bowman at age 14, now 24, DaniMation has produced nine animated shorts that premiered at San Diego Comic-Con, has illustrated 6 children's books, and commercial work like PSAs, Documentaries, and Opening Sequences. Bowman also travels around the country, teaching animation at summer camps, and has worked with over 1500 neurodiverse young adults. She also has a studio in Los Angeles CA with a neurodiverse team.

MISSION

One of DaniMation's missions is to address employment issues for people with autism.

1 in 59 are born with Autism

2019 Bureau of Labor Statistics: only 19.2% of adults with different abilities including autism are employed regardless of IQ, Skill, and Education.

The unfortunate truth is that these individuals who love animation and the arts are completely overlooked in the workforce despite unique and amazing creative skills.

Our mission is two-fold, providing an autism positive learning environment supporting growth in technical and interpersonal skills while delivering exceptional 2D animation to our clients.

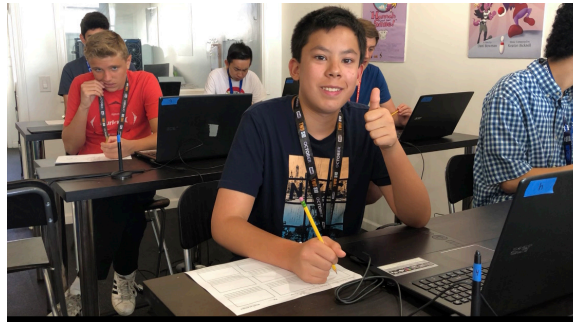

WE ARE SPONSORED BY

FOR PROVIDING ANIMATION
SOFTWARE TO MAKE DANIMATION
POSSIBLE.

PROGRAMS

ANIMATION BOOT CAMPS

We teach several one-week animation camps to introduce the arts and animation basics. There are two types of Summer Boot Camps, DaniMation-Based and camps where DaniMation is contracted by organizations to teach an animation camp.

SKILL DEVELOPMENT PROGRAM

Consists of a two-semester course beginning with story development, animation principles, storyboarding, and learning to work with a team, and concludes with the production of a two-minute animated team project.

CUSTOMIZED MENTORSHIPS

DaniMation will recruit students from but not limited to animation camps and skill-development programs to a one-on-one mentorship with animation professionals—where students will work on animation projects.

EVENTS AND OFFERS

In addition to our animation classes we also appear in events like

Autism Events and Conventions
Aquarium of the Pacific
Animation Conferences
Film Festivals
Art Shows
Fundraisers
and more!

We are also welcomed to do keynote events. If you want us as part of your professional autism or animation conference, contact us!
